\* Data is as of 9/30/20. Currency Management assets under management reflect the total foreign currency portfolio exposure of clients' underlying portfolios allocated to the Currency Division of Mesirow Financial Investment Management, Inc.

Past performance is not necessarily indicative of future results.

Mesirow Financial Investment Management Institutional – Fixed Income claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Mesirow Financial Investment Management Institutional – Fixed Income has been independently verified for the periods from inception through 12/31/19. Verification assesses whether (1) the firm has complied with all the composite construction requirements of the GIPS standards on a firm-wide basis and (2) the firm's policies and procedures are designed to calculate and present performance in compliance with the GIPS standards. The Illinois Police & Fire – Intermediate Government/Credit composite has been examined for the periods from 09/01/11 through 12/31/19. The verification and performance examination reports are available upon request.

\* Mesirow Financial Investment Management, Inc. ("MFIM") is an investment advisor registered with the Securities and Exchange Commission under the Investment Advisers Act of 1940. The "Entity" as shown represents Mesirow Financial Investment Management Equities and Fixed Income, which is comprised of the GIPS-compliant units of MFIM which specialize in managing portfolios for institutional clients adhering to an investment process geared towards institutional investors. The historical performance presented prior to the creation of the division was managed by MFIM or its predecessor firms prior to 01/01/05. For purposes of claiming GIPS compliance, as of 01/01/10, the "Firm" is further defined as the Fixed Income business unit, which manages portfolios primarily for institutional investors adhering to an investment process, incorporating fundamental analysis of security valuation factors and drivers. The composites within this business unit vary primarily by duration and the type of originator of the security.

Please note that the 2018 percentage of firm assets have been restated to properly include the addition of assets obtained through the acquisition of the High Yield Team from a former and unaffiliated registered Investment Advisor, effective 10/23/2017. Additional information regarding these corrections is available upon request.

The above composite was created on 09/01/2011 and these performance results are as of 9/30/20. Illinois Police & Fire – Intermediate Government/Credit Fixed Income Composite is defined as U.S. dollar dominated fixed income investment grade securities primarily rated BBB- or better and with a maturity of one to ten years for all sectors at the time of purchase, except for Securitized (CMO, ABS, CMBS). The Illinois Police and Fire – Intermediate Government/Credit Fixed Income Composite consists of fixed income fee-paying discretionary portfolios with a minimum of \$2,500,000 under management. The benchmark is the Bloomberg Barclays Intermediate Government/Credit Index.

For the period, portfolios below \$2,500,000 are considered nondiscretionary, as MFIM-Fixed Income may be unable to fully and efficiently implement the intended investment strategy of the composite.

MFIM-Fixed Income's investment management fees vary based upon account size, with breakpoint deductions for larger accounts. The standard fee schedule for Illinois Police & Fire – Intermediate Government/Credit Portfolios is listed below, where the minimum annual fee is \$20,000.

Account Tier	Fee
First \$10 million+	0.350%
Next \$40 million	0.250%
Next \$100 million	0.200%
Next \$150 million	0.150%
Next \$200 million	0.125%
Over \$500 million	0.100%

\*Minimum annual fee is \$20,000.

Mesirow Financial Investment Management, Inc. and its affiliated companies and/or individuals may, from time to time, own, have long or short positions in, or options on, or act as a market maker in, any securities discussed herein and may also perform financial advisory or investment banking services for those companies.

Performance information that is provided gross of fees does not reflect the deduction of advisory fees. Client returns will be reduced by such fees and other expenses that may be incurred in the management of the account.

Advisory fees are described in Form ADV Part 2 of Mesirow Financial Investment Management, Inc. Net of fee performance is presented utilizing actual client net of fee performance for all accounts included in the composite.

We do, however, have clients that pay lower fees than the maximum. Any stated results include the reinvestment of dividend and other earnings. Policies for valuing portfolios, calculating performance, and preparing compliant presentations are available upon request. Benchmark returns are not covered by the report of independent verifiers.

Effective January 1, 2019, accounts will be temporarily removed from the composite due to significant cash flows of 15% or more of market value. Prior to January 1, 2019, accounts had been temporarily removed from the composite due to significant cash flows of 10% or more of market value. Additional information regarding the significant cash flow policy is available upon request.

1. The Bloomberg Barclays Intermediate Government/Credit Index is the intermediate component of the U.S. Government/Credit index. The Government/Credit Index includes securities in the Government and Credit Indices. The Government Index includes treasuries (i.e., public obligations of the U.S. Treasury that have remaining maturities of more than one year) and agencies (i.e., publicly issued debt of U.S. Government agencies, quasi-federal corporations, and corporate or foreign debt guaranteed by the U.S. Government). The Credit Index includes publicly issued U.S. corporate and foreign debentures and secured notes that meet specified maturity, liquidity, and quality requirements.

2. Represents the composite year to date performance return and the Bloomberg Barclays Intermediate Government/Credit Index return from August 31, 2011 to December 31, 2011.

3. Composite dispersion presented is the equal-weighted standard deviation of the gross annual returns of portfolios in the composite for the entire year. Because it is not statistically meaningful, MFIM Fixed Income does not calculate the dispersion of annual returns for the years the composite held five or fewer accounts. Please note that the 12/31/2019 annual dispersion statistic has been restated to properly reflect the equal weighted standard deviation of portfolios included in the composite for the entire year. The dispersion was updated from 0.64 to 0.18. Additional information regarding this correction is available upon request.

4. The three-year annualized ex-post standard deviation measures the variability of the composite gross returns and the benchmark returns over the preceding 36-month period. It is not required to be presented for annual periods prior to 2011 or when a full three years of composite performance is not yet available.
